

Management Change at Fette Compacting

Schwarzenbek, July 8, 2026 – Anke Fischer, Chief Financial Officer (CFO) of Fette Compacting, has left the company at her own request, effective June 30, 2026.

Anke Fischer has been a member of the Executive Board at Fette Compacting since September 2021. As CFO, she was responsible for Finance, Human Resources, and IT. During this time, she laid the groundwork for the strategic development of these business areas. Among the most important milestones of her tenure were the strategic advancement of the finance, HR, and IT organizations, as well as the launch of the company-wide transformation project to implement SAP S/4HANA, through which she laid the groundwork for Fette Compacting's future growth.

"We regret Anke Fischer's decision and thank her for her great dedication and the trusting collaboration over the past years. With her experience and strategic vision, she has played a decisive role in shaping the further development of our company. We wish her all the best and continued success in her future professional and personal endeavors," says Joachim Dittrich, CEO of Fette Compacting.

Anke Fischer's responsibilities will be assumed by the executive board for the time being. Fette Compacting will provide information on a long-term succession plan in due course.

About Fette Compacting

Fette Compacting is the world's leading provider of integrated solutions for industrial tablet production, with more than 6,000 tablet presses operating in production and more than 12,000 machines manufactured to date. The company specializes in high-performance machines for the pharmaceutical, food, and chemical industries, as well as for special industrial applications. Headquartered in Schwarzenbek, near Hamburg, Germany, Fette Compacting has a second technology and production site in Nanjing, China and a research and development site in Mechelen, Belgium. As a comprehensive process partner, Fette Compacting offers integrated solutions for the entire product life cycle, from formulation development to ongoing production.

The company has an established presence in over 50 countries and is part of the LMT Group, a family-owned, mid-sized group of companies. With over 1,900 employees and more than 20 locations worldwide, the Group achieved a turnover of around 374 million euros in fiscal year 2024.
